

## Brenda Wanjiru Muriithi

Phone Number: +254 702 321 331

Email: [brendamuriithi4@gmail.com](mailto:brendamuriithi4@gmail.com)

Mailing Address: 281-00200, Thome  
City, Country Nairobi, Kenya.

## EDUCATION

---

*Masters of Science: Molecular Biology and Bioinformatics*

*June 2026*

Jomo Kenyatta University of Agriculture and Technology, Juja, Kenya

*Bachelor of Technology: Biotechnology*

*Dec 2018*

Technical University of Kenya, Nairobi, Kenya.

## RESEARCH AND DEVELOPMENT EXPERIENCE

---

*Intern*

*Jan 2024 - Current*

*Jomo Kenyatta University of Agriculture and Technology (JKUAT)*

Established in vivo activity profiles of anti-malarial drugs; amodiaquine, lumefantrine, and piperaquine in previously selected drug-resistant *Plasmodium berghei* ANKA, Extraction of DNA and RNA, *Plasmodium berghei* culture, Restriction Digests, PCR analysis, Electrophoresis, Reverse Genetics.

*Student Volunteer*

*Nov 2020 – Feb 2022*

*Kenya Medical Research Institute (KEMRI)*

Established in vivo activity profiles of antimalarial drugs; amodiaquine, lumefantrine, and piperaquine in previously selected drug-resistant *Plasmodium berghei* ANKA, Extraction of DNA and RNA, *Plasmodium berghei* culture, Restriction Digests, PCR analysis, Electrophoresis, Reverse Genetics.

## OTHER SKILLS AND COMPETENCES

---

- |   |  |
|---|--|
| <ul style="list-style-type: none"><li>• Molecular Biology Expertise: DNA, RNA, and protein analysis, gene expression regulation, and genetic engineering techniques.</li></ul>  | <ul style="list-style-type: none"><li>• Experimental Design and Execution: Proficiency in designing and conducting molecular biology experiments, ensuring accuracy, reproducibility, and adherence to best practices.</li></ul> |
| <ul style="list-style-type: none"><li>• Data Analysis and Visualization: Strong skills in analyzing and interpreting molecular biology data using R and Python. Ability to perform statistical analysis and create visualizations</li></ul> | <ul style="list-style-type: none"><li>• Bioinformatics Proficiency: Knowledge of bioinformatics tools and databases.</li></ul>   |
| <ul style="list-style-type: none"><li>• Programming Skills: Mastery of R and Python programming languages, with the capability to develop custom scripts and pipelines for automating data analysis workflows</li></ul>                     | <ul style="list-style-type: none"><li>• Communication Skills: Excellent verbal and written communication skills. Ability to communicate complex scientific concepts to diverse audiences.</li></ul>                              |

## PUBLICATIONS

---

### *Journal Papers Accepted*

Gachie, B., Thiong'o, K., **Muriithi, B.**, Chepngetich, J., Onchieku, N., Gathirwa, J., Mwitari, P., Magoma, G., Kiboi, D., & Kimani, F., "Prevalence of mutations in the cysteine desulfurase IscS (Pfnfs1) gene in recurrent *Plasmodium falciparum* infections following artemether-lumefantrine (AL) and dihydroartemisinin-piperaquine (DP) treatment in Matayos, Western Kenya," *Malaria Journal*, 2023, **22**:158, <https://doi.org/10.1186/s12936-023-04587-2>.

Chepngetich, J., **Muriithi, B.**, Gachie, B., Thiong'o, K., Jepkorir, M., Gathirwa, J., Kimani, F., Mwitari, P., & Kiboi, D., "Amodiaquine drug pressure selects nonsynonymous mutations in pantothenate kinase 1, diacylglycerol kinase, and phosphatidylinositol-4 kinase in *Plasmodium berghei* ANKA," *Open Research Africa*, 2023, **5**:28, <https://doi.org/10.12688/openresafrika.13436.3>.

**Muriithi, B.W.**, Chepngetich, J., Gachie, B., Thiong'o, K., et al., "Structural and functional implications of MIT2 and NT2 mutations in amodiaquine and piperazine resistant *Plasmodium berghei* parasites," *Experimental Parasitology*, 2025, **271**:108923, <https://doi.org/10.1016/j.exppara.2025.108923>.

### Journal Papers in Review

Gachie, B., et al., "Lumefantrine pressure selects nonsynonymous mutation in cysteine desulfurase IscS gene in the rodent malaria parasite *Plasmodium berghei* ANKA," *Malaria Journal*, 2024.

Kiboi, D., **Muriithi, B.**, "Structural and Functional Impact of the G340S Mutation in *Plasmodium falciparum* Ferredoxin NADP<sup>+</sup> Reductase: In silico Analysis and Molecular Docking," *Verixiv*, 2025, DOI: 10.12688/verixiv.2019.1

### Conference Papers

**Muriithi, B.W.**, Chepngetich, J., Gachie, B., Thiong'o, K., et al., "Structural and functional implications of MIT2 and NT2 mutations in amodiaquine and piperazine resistant *Plasmodium berghei* parasites," *Experimental Parasitology*, 2025, **271**:108923, <https://doi.org/10.1016/j.exppara.2025.108923>.

### HONOURS AND AWARDS

---

- |  |      |
|--|------|
| 1. <i>Travel Award</i>   | 2024 |
| Awarded a travel grant to attend and present an abstract at the Multilateral Initiative on Malaria (MIM) Conference.                         |      |
| 2. <i>Travel Bursary</i>   | 2024 |
| Received a Bill & Melinda Gates Foundation travel bursary to present research at the Genomics Epidemiology of Malaria (GEM 2024) Conference. |      |
| 3. <i>Research Grant</i>   | 2021 |
| Awarded a research grant from Japan International Cooperation Agency (JICA) to support MSc research.   |      |

### PRESENTATIONS AND INVITED LECTURES

---

**Paper Presentation:** "Structural and Functional Implications of MIT2 and NT2 Mutations in Amodiaquine and Piperazine Resistant *Plasmodium berghei* Parasites," Multilateral Initiative on Malaria (MIM) Conference, April, 2024.

**Paper Presentation:** "Structural and Functional Implications of MIT2 and NT2 Mutations in Amodiaquine and Piperazine Resistant *Plasmodium berghei* Parasites," Genomics Epidemiology of Malaria (GEM) Conference, September 2024.

### PROFESSIONAL DEVELOPMENT TRAINING

---

- Training Oxford Nanopore data analysis During the African BioGenome Project (AfricaBP) Open Institute for Genomics and Bioinformatics Regional Workshop on Building a Sustainable Future for Biodiversity Genomics and Bioinformatics in East and Central Africa, International Livestock Research Institute (ILRI), Nairobi, Kenya, 2023.
- Training Data Clinic Series: Introduction to Basic R statistics, Jomo Kenyatta University of Agriculture and Technology, 2024.

- Training MalariaGEN-PAMCA data analysis for genomic surveillance of African malaria vectors, Wellcome Sanger Institute, 2024.
- Training\_H3AbioNeT-IBT, International Centre of Insect Physiology (ICIPE), 2024.

---

## PROFESSIONAL AFFILIATIONS

The Organization for Women in Science for the Developing World (OSWD), Member.

---

## COMMUNITY SERVICE

**Mentorship & Training:** Mentored undergraduate and early-career students in molecular biology and bioinformatics techniques, including PCR, sequence analysis, and data visualization using R and Python.

---

## ORGANIZATION

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

Student (MSc Molecular Biology & Bioinformatics)

Location: Juja, Kenya

Duties:

- Conducting MSc research in molecular biology and bioinformatics focused on *Plasmodium* drug resistance and genomics.
- Performing DNA/RNA extraction, PCR, electrophoresis, and reverse genetics.
- Carrying out bioinformatics analyses using R, Python, and Linux for sequence alignment, variant analysis, structural modelling, and population genomics.
- Preparing scientific manuscripts, reports, and presentations for conferences and publications.

---

## LANGUAGES

**English:** Native Language, Distinguished Listener, Superior Speaker, Superior Reading and Writing

---
